MR. TAKAMI YOKOO

TOYOTA CHIEF DESIGNER

Even as times change, LandCruiser has to be true to its core. I was constantly reminding the development team: this is not just a car, it's the LandCruiser.

LAND C
HERI

1951
BJ SERIES

Designed as a prototype with immense off-road capabilities that became the first car to reach the sixth stage of Mount Fuji.

1955
20 SERIES

Toyota decided that their warhorse was ready for the masses and made changes to suit rough terrains and daily driving.

1960
40 SERIES

An upgrade on the previous model with multiple body carnations with latest technology of the times.

1967
50 SERIES

The largest change since its inception, with 5 doors, a longer wheel base and a brand new designed body.

'RUISER

T A G E

1980
60 SERIES

The first of its name plate to concentrate on comfort for the driver and additional power with the introduction of turbo chargers.

1989
80 SERIES

The first Land Cruiser to have an 8 seater option with coil springs instead of leaf springs to embody a dynamic drive mode with luxury.

1998
100 SERIES

The true embodiment of the luxury 4 wheel drive vehicle that was made to drive where there are no roads with style.

2007
200 SERIES

Pioneering 4WD driving by introducing the worlds first "Crawl Control" feature to assist the driver on the hardest terrains.

UNRIVALLED INTERIOR

With an interior that's both comfortable and convenient the Land Cruiser 300 is laden with luxurious fittings and modern features.

There’s an 8-way power seat for the front seat passengers while those destined for the second row, which splits 40/20/40, are treated to ventilated and heated seats for optimal comfort on those extended or cooler journeys.

A high-resolution 12.3-inch widescreen touch display is available as a manufacturer's option. The display is capable of showing navigation, audio, air-conditioning, and off-road performance data in an easy-to-understand manner.

LAND CRUISER

BUILT TO PERFORM

The new Land Cruiser adopts an updated version of the traditional ladder frame. By utilizing the latest welding technologies, the high-rigidity lightweight frame boasts improved collision safety performance, quietness, and ride quality.

The Land Cruiser has a newly built high-mount double-wishbone front and trailing-link rigid-axle rear suspension system, which is in accordance with its upgraded platform. The rear shock absorbers' position has been modified for better ride comfort and steering stability.

An improved 3.5-liter V6 twin-turbo diesel engine with a maximum output of 305 kW and a maximum torque of 700 Nm is offered in the new Land Cruiser.

The Direct Shift-10AT guarantees instinctive and powerful acceleration..

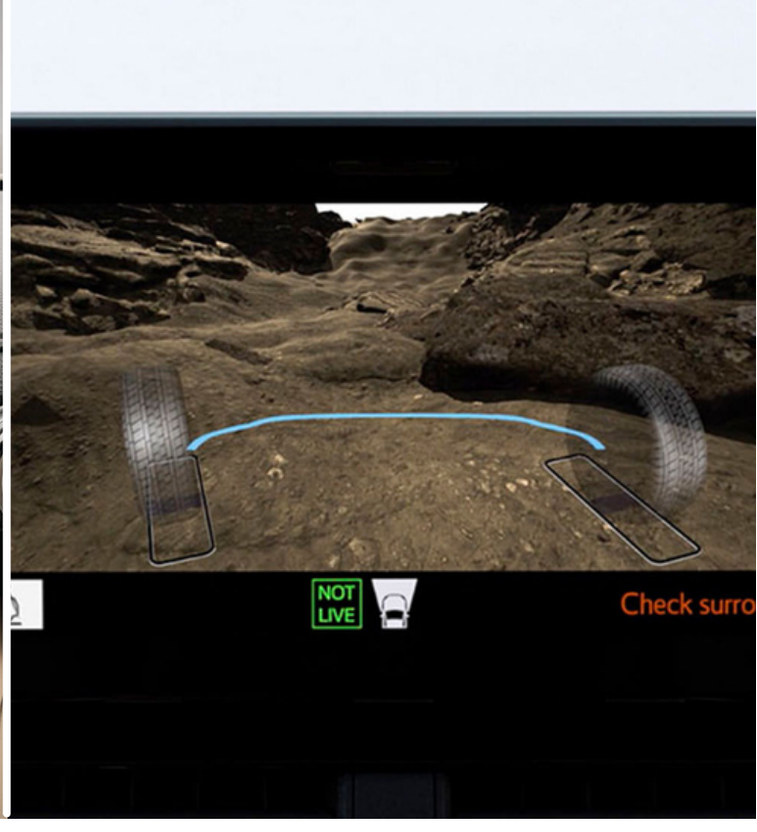

ADVANCED FUNCTIONALITY

The Land Cruiser 300 was designed with advanced technologies to make every off-road adventure an enjoyable drive. With its 3D Multi-Terrain Monitor (MTM)* and Panoramic View Monitor (PVM)*, the 12.3-inch* Display Audio touchscreen infotainment system maximizes the Land Cruiser 300's off-road capability.

Compatible mobile phones can be wirelessly charged, and the second-row passenger seats are equipped with 11.6-inch high-definition displays all forming part of the Rear Seat Entertainment System.

On the high-resolution infotainment screen, images of the vehicle's surroundings, including views of the trail in front, underfloor, and rear, are displayed for safer passing. The driver can switch between several terrains with a simple turn of a dial (auto, dirt, sand, mud; or rock).

UNCOMPROMISED SAFETY

With its comprehensive range of advanced safety features and technology designed to help protect you and your passengers, LandCruiser 300 Series is the safest LandCruiser ever produced.

Designed with a multi-terrain monitor, the driver can switch between images captured by each of the four cameras, and so check road conditions in blind spots.

Blind Spot Monitor with parking alert function notifies occupants of potential danger when alighting from the vehicle.

Toyota's long-standing attention to safety provides the reassurance of knowing every Land Cruiser 300 is equipped with 10 SRS airbags to ensure exceptional all-round protection inside the cabin.

MODEL	LAND CRUISER 300
Variant	ZX
Transmission	10-Speed Automatic
Origin	Japan

DIMENSIONS & WEIGHT

Length (mm)	5140 mm
Width (mm)	1980 mm
Height (mm)	1945 mm
Wheel Base (mm)	2850 mm
Front Tread (mm)	1667 mm
Rear Tread (mm)	1668 mm
Ground Clearance (mm)	235 mm
Seating Capacity	7
Cargo Space (l)	1967 l
Curb Weight (kg)	2540 kg (min) | 2600 kg (max)
Gross Weight (kg)	3230 kg
Fuel Tank Capacity (l)	80 l

ENGINE

Cylinder & Arrangement	6 Cylinder, V Type
Valve Mechanism	24-Valve DOHC, Chain Drive
Displacement (cc)	3346
Fuel System	Fuel Injection
Fuel Type	Diesel
Max. Power (kW/rpm)	225 kW @ 4000 rpm
Max. Torque (Nm/rpm)	700 Nm @ 1600-2500 rpm
Start Up System	Push

PERFORMANCE

Max. Speed (km/h)	210 km/h
Min. Turning Radius	5.9 m

CHASSIS

Front Brake	Ventilated disc w/ fixed caliper 4 - cyl
Rear Brake	Ventilated disc w/ floating caliper 1 - cyl
Front Suspension	Independent
Rear Suspension	4-link rigid
Drivetrain	4WD
Auto Limited-Slip Differential	Rear: Torque Sensing LSD
Tyres and Rim	265/55R20 - 8J aluminum wheel
Spare Tyre and Tim	Available

COMFORT

Power Steering	Hydraulic Power
Steering	Electric Tilt + Telesco
Steering Wheel	Leather + Imitation Wood + Heater
Steering Switch	Audio + MID + Telephone + Voice Command + Cruise Control
Power Windows	All door one-touch up-down + auto jam protection + remote + switch plating
